

Georgia Analyzer System Message

Georgia's Clean Air Force (GCAF)

February 20, 2009

Message: 39965 Analyzers: 967

New E-commerce Web Site

PRINT THIS MESSAGE AND PROVIDE TO STATION OWNER OR MANAGER.

GCAF's On-Line Certificate Requisition Program (e-commerce), the Internet-based method to ordering e-certs, has a new Web site address: <https://ecom.appsolgrp.com>.

Please note the previous address, <https://ecom.vansis.wcom.com>, will be decommissioned on **March 1, 2009**. You will not be able to order e-certs using the old Web site address.

The benefits of purchasing certificates online:

- ✦ Available 24 hours a day, seven days a week.
- ✦ In addition to a home computer, the e-commerce Web site can be accessed from a public library computer or any print shop having internet access.
- ✦ E-commerce is easy to use and free for GCAF inspection stations; your financial information is secure.
- ✦ For additional convenience, you may choose to link your e-cert purchases directly to your checking account by setting up an Automated Clearing House (ACH) account or pay with credit card (surcharge fee still applies). Account information is secure and confidential.
- ✦ Participants create their own User Name, Personal Identification Number (PIN) and Security Password to ensure the account can only be accessed by authorized users.

You may order up to nine books of certs (50 certs per book) for multiple analyzers at one time.

For more information, call 770.499.6558 or e-mail ecerts@cleanairforce.com.

If you would like to receive an e-mail copy of GAS messages or to be added to our quarterly e-newsletter, *RepairWatch* E-News, please send a request to info@cleanairforce.com.

~ GCAF recommends printing all GAS messages for your files and posting them in a prominent location for your employees to read. To retrieve or print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 500 messages). ~
