Deadline for PURPLE Waekon Adaptor and Waekon Look-Up Tables

The deadline for all stations using Waekon equipment to have the PURPLE Waekon adaptor and look-up tables has been extended to August 1, 2008.

As previously mentioned, Waekon has created a new adaptor (PURPLE) for 2005 Volkswagens. In addition to the PURPLE adaptor, Waekon has now made available new look-up tables.

Please contact your equipment manufacturer (EM), local supplier or Waekon (800.367.9235) to order the look-up tables and adaptor. A list of local suppliers can be found in the New Station Application Packet located on the GCAF Web site at <http://www.cleanairforce.com/stations/openastation.php>.

Stations that use Waekon equipment are required to have the latest adaptors and look-up tables by August 1, 2008.

If you would like to receive an e-mail copy of GAS messages or be added to our quarterly e-newsletter, *RepairWatch* E-News, please send a request to info@cleanairforce.com.

~ GCAF recommends printing all GAS messages for your files and posting them in a prominent location for your employees to read. To retrieve or print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 100 messages). ~
