New CREAM Stant Adaptor and Stant Application Chart

Stant has created a new adaptor (Cream #12424) for some 2002 - 2005 vehicles. In addition to the cream adaptor, Stant has now made available a new 2008 application chart; therefore all stations using Stant fuel cap testing equipment or adaptors will be required to have the cream adaptor and look-up tables by November 1, 2008.

CleanAirForce.com

Please contact your equipment manufacturer (EM), local supplier or Stant (800.822.3121) to order the adaptor and application chart. A list of local suppliers can be found in the New Station Application Packet located on the GCAF Web site at <http://www.cleanairforce.com/stations/openastation.php>.

Remember, stations using Stant adaptors are required to have the latest adaptors and look-up tables by November 1, 2008.

The new Stant 2008 Application Chart may be downloaded free from the Stant Web site (www.stant.com), use the bottom link "Download an Application Guide" in the right "Popular Search" panel.

If you would like to receive an e-mail copy of GAS messages or be added to our quarterly e-newsletter, RepairWatch E-News, please send a request to info@cleanairforce.com.

~ GCAF recommends printing all GAS messages for your files and posting them in a prominent location for your employees to read. To retrieve or print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 500 messages). ~
