Inspector Employment Notices

Whenever an inspector ceases employment with an inspection station, either through resignation, termination, or by other means, the station owner must notify GCAF in writing within five (5) business days of the inspector ceasing employment.

Station owners/managers must complete the [Georgia Analyzer System Transfer Form](#) when an inspector leaves their station. The form is available at www.CleanAirForce.com. Click on the station microsite and select "Forms and Program Info" to download. Forms should be faxed to 404.479.4375 once completed.

Failure to inform GCAF of an inspector leaving your station may result in enforcement action.

Please contact GCAF Station Assistance at 800.449.2471, option #2, with any questions.

~ GCAF recommends printing all GAS messages for your files and posting for your employees to read. To retrieve or print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 100 messages). ~
