

# Georgia Analyzer System Message

Georgia's Clean Air Force (GCAF)

December 1, 2009

Message: 42715 Analyzers: 1006

## 2010 Q&A Brochures Available

The new Question & Answer (Q&A) brochures for 2010 are now available. Call GCAF Station Assistance to place your order at 800.449.2471, option #2.

GCAF will not automatically send stations the new brochures. Each station will need to order a supply by phone. GCAF requires confirming your station's mailing address with the call center representative when placing your order.

Stations must discard/recycle the 2009 brochures and display only the new 2010 Q&A brochures by January 1, 2010.

Stations can order up to five packs of brochures (250) at a time. Please only order the amount you will use, as more can be ordered throughout the year as needed. It will take approximately one week to receive your order.

For more information, call GCAF Station Assistance at 800.449.2741, option #2.

If you would like to receive an e-mail copy of GAS messages or to be added to our quarterly e-newsletter, RepairWatch E-News, please send a request to [info@cleanairforce.com](mailto:info@cleanairforce.com).

~ GCAF requires that you print, read, and store all GAS messages in a binder on or near the analyzer. GCAF also recommends that you print a second copy of these messages and post them in a prominent location for your employees to read. To retrieve and print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 500 messages). ~
