for Georgia's Vehicle Emissions Inspection & Maintenance (I/M) Program.

Emissions Repair Form

This Form Must Be Completed Before Retesting!

For each paid inspection performed on your vehicle, you are entitled to one free re-inspection if you return to the same inspection station within 30 days (30 days includes the date and the time of your initial inspection). **Note:** The initial test date is day 1. In order to have your vehicle re-inspected (free or paid), this emissions repair form must be completed and presented to the inspector at the time of re-inspection. Under no circumstance is a vehicle to be re-inspected without a completed form. It is a violation for the inspector to re-inspect a vehicle without a completed form. Before any repairs are paid for, you should make certain your mechanic will complete this form so you can receive your re-inspection. **Emissions station owners must retain this completed form and submit it to GCAF. Vehicle owners are to retain repair receipts.**

Test Date	<input type="text"/>	Emissions Certificate Number	<input type="text"/>				
VIN	<input type="text"/>	Tag Number	<input type="text"/>	State	<input type="text"/>		
Year	<input type="text"/>	Make	<input type="text"/>	Model	<input type="text"/>	Color	<input type="text"/>
