

New GCAF Dashboard Hot Button Requirements

March 6, 2019

Effective Monday, March 11, 2019, new functionalities will be live via the GCAF Dashboard to require acknowledgement of program rules and enforcement action alerts. Dashboard users will have two new reports under the reporting main menu, titled "Revised Rules Acknowledgment Report" and "Pending Enforcement Action Acknowledgment Report."

New Rules Hot Button

EPD is implementing a new "hot button" for viewing the Rules for Enhanced Inspection and Maintenance, Chapter 391-3-20 ("Revised Rules Acknowledgment Report"). Users must acknowledge that they have read the new rules in order to proceed to use the dashboard.

GCAF Message Center

IM Rules Acknowledgement

Please read the revised Rules for Enhanced Inspection and Maintenance Chapter 391-3-20 and then acknowledge you have read the rules in order to proceed to use the Dashboard.

<http://www.cleanairforce.com/stations/rules-and-regulations/>

I, as a station owner or manager, have read the updated Rules for Enhanced Inspection and Maintenance Chapter 391-3-20 in its entirety. As related to the Georgia Inspection Program, I understand that GCAF will continuously evaluate my performance. Furthermore, I acknowledge that failure to comply with program rules, regulations, or state statues, may result in suspensions, revocations, and monetary penalties as outlined in the rules.

Acknowledge

Station Owner - Station Owner
03/06/2019 03:23:17 PM

To comply:

- 1) All authorized users must select the hyperlink to read the rules and acknowledge that they have read and understood the rules that govern the vehicle emissions program.
- 2) Users must click "Save" after acknowledging.

- 3) You may print a copy of the rules before closing the dialog box, if desired. They are also posted at <http://www.cleanairforce.com/stations/rules-and-regulations/>.

No other actions can be made on the dashboard until this acknowledgement is saved and closed. Note: station owners and station managers are required to make this acknowledgement only when updated I/M rules are available (new rules were released on Feb. 17, 2019).

Enforcement Hot Button

EPD is implementing a new alert system for pending enforcement actions.

The screenshot shows a web interface titled "GCAF Message Center". A dialog box titled "Pending Enforcement Acknowledgement" is displayed. The dialog contains the following text: "A Pending Enforcement Action was issued to your station. Please review the documentation by opening the attached PDF. Acknowledge you have reviewed the documentation in order to proceed to use the Dashboard." Below this is a link for "Notice of Violation.pdf". A second text box contains a statement: "I, station owner, have read the Pending Enforcement Action that was issued to my station. As related to the Georgia Inspection Program, I understand that GCAF will continuously evaluate my performance. Furthermore, I acknowledge that failure to comply with the Pending Enforcement Action, may result in suspension, revocation, and monetary penalties as outlined in the rules." At the bottom left of the dialog, there is a checked checkbox labeled "Acknowledge" and the text "Station Owner - Station Owner" and "03/06/2019 03:20:00 PM". A "Save" button is located at the bottom right of the dialog.

If your station has been issued an enforcement action:

- 1) You will see an acknowledgement alert upon logging in to your station.
- 2) With the acknowledgement, you will be given the opportunity to view the nature of the action immediately, as well as the ability to access an archived version of the same action at a later date.

If you have questions about the action, please contact EPD at 404-363-7000 and ask to speak with a member of the Vehicle Emissions Compliance Unit.

Users must acknowledge that they have reviewed the attachment in order to proceed to use the dashboard. No other actions can be made on the dashboard until this acknowledgement is saved and closed.

If you have any questions, contact GCAF Station Assistance at 1.800.449.2471, option #2, via email at industry@cleanairforce.com, or via live chat, which is available at www.cleanairforce.com.

Connect with Georgia's Clean Air Force on Facebook by visiting <https://www.facebook.com/GeorgiasCleanAirForce>, follow us on Twitter at <https://twitter.com/GACleanAirForce>, or subscribe to our YouTube channel at www.cleanairforce.com/youtube.

If you would like to receive an email copy of GAS messages or to be added to our quarterly e-newsletter, *RepairWatch* E-News, please send a request to info@cleanairforce.com.

~ GCAF and EPD require that you print, read, and store all GAS messages in a binder on or near the analyzer. GCAF and EPD also recommend that you print a second copy of these messages and post them in a prominent location for your employees to read. To retrieve and print a previous GAS message, go to the GAS message retrieval function in your analyzer and select the appropriate message to print (the analyzer holds up to 500 messages). ~
